

their outstanding performance in the games of the XXVIIIth Olympiad, which began on September 15, 2000 in Sydney Australia. The majority of the San Fernando Valley lies within the 25th Congressional District. If the Greater San Fernando Valley was its own country, it would rank 14th in the gold medal count, just behind Hungary.

The Olympians exemplify all that is right with America. To become a member of the United States Olympic Team, the athletes needed tremendous discipline to maintain grueling training schedules. They made personal sacrifices in order to reach their goals and have continually displayed outstanding sportsmanship. They are truly a credit to our country.

Olympians who call the 25th Congressional District home include Adam Setliff, who placed fifth in the men's discus throw; Crystl Bustos, member of the women's softball team which won the gold medal; Anthony Ervin, winner of a gold medal in the men's 50-meter freestyle and a silver medalist in the men's freestyle relay; Mark Crear, winner of a bronze medal in the men's 110-meter hurdles; and Maurice Greene, who won a gold medal in the men's 100-meter race as well as a gold medal in the men's 100-meter relay.

The efforts of these athletes are reflected not only in their collective medals but in the respect of every American. I would like to thank the Olympians for their tireless effort, dedication and contribution to America.

THE GRAND OPENING OF THE MICHAEL A. GRANT BOYS AND GIRLS CLUB IN AUSTELL, GEORGIA

HON. BOB BARR

OF GEORGIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, October 18, 2000

Mr. BARR of Georgia. Mr. Speaker, today I recognize the Boys and Girls Club of Cobb County, Georgia for its hard work, and congratulate this organization, and the many men and women who constitute its work force, on the grand opening of the Michael A. Grant Boys and Girls Club located in Austell, Georgia.

The Boys and Girls Clubs of America is an outstanding organization which provides children, particularly disadvantaged children, with programs and services that promote and enhance the development of boys and girls by installing a sense of competence, usefulness, belonging and influence.

In 1956, the Boys Clubs of America celebrated its 50th anniversary and received a U.S. Congressional Charter. In 1990, the national organization's name was changed to the Boys and Girls Clubs of America. Accordingly, Congress amended and renewed the charter.

I commend the Boys and Girls Club for its dedication and commitment too positively influencing the lives of boys and girls every day, and for its outstanding leadership throughout our community and the country.

NATIONAL CHEMISTRY WEEK

HON. ROBERT A. BORSKI

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, October 18, 2000

Mr. BORSKI. Mr. Speaker, I rise today to honor the week of November 5th to November 11th in Pennsylvania as "National Chemistry Week". During this week the American Chemical Society volunteers should be commemorated for their efforts to increase public awareness about the crucial role chemistry plays in everyday life. It is vital to recognize that this science gives us the power to understand and to use the elemental building blocks of all material things.

The American Chemical Society is the largest organization of its type in the United States. The Philadelphia branch of the organization is not only the largest section in Pennsylvania, but also one of the most active in the entire nation. This is quite an accomplishment for our state, as there are nearly 200 sections across the United States.

During National Chemistry Week, many local companies and universities in the Philadelphia area will be involved and volunteer their time to celebrate and make an impact among the community about the benefits and necessity of chemistry. Their commitment to spreading the values of chemistry is of great importance, as the science of chemistry provides the fundamental understanding required to deal with many of society's needs, including several that determine our quality of life and economic strength.

People involved in the chemistry field use the science and their knowledge to help feed the world's population, tap new energy sources, clothe and house humanity, provide renewable substitutes for dwindling or scarce materials, improve health, conquer disease, strengthen our national security, and monitor and protect our environment.

Mr. Speaker, National Chemistry Week should be honored for directing our attention to the myriad contributions of their science to the service of all humanity. I congratulate all who participate in this field and who dedicate themselves to creating a week for the entire nation to learn from and enjoy.

CENTRAL NEW JERSEY RECOGNIZES THE NEW JERSEY SHADE TREE FEDERATION FOR 75 YEARS OF SERVICE

HON. RUSH D. HOLT

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

Wednesday, October 18, 2000

Mr. HOLT. Mr. Speaker, I rise today in recognition of the New Jersey Shade-Tree Federation and its on-going dedication to preserving our communities. I applaud the work of the Federation in striving towards a delicate balance between our community's desires to expand, and our environment's need for smart, sustainable growth.

The roots of the Shade Tree Federation can be traced back to September 27, 1910. For it was on this date that the State Forester, with the approval of the Forest Commission, called on the executives of 124 municipalities. Some

30 delegates from 24 cities, towns and boroughs gathered to discuss ways to advance and protect the interests of shade trees throughout New Jersey. At the conclusion of this conference, the attendees unanimously voted to form a permanent association to protect and foster the interests of Shade Trees.

In 1924 the State promoted future growth of the Federation by passing the County Shade-Tree Act. Then, in 1925, the Department initiated the movement for closer collaboration among the shade-tree commissions in the State and organized the "New Jersey Federation of Shade-Tree Commissions."

Since its inception, the Federation has gathered to discuss the important issues of the times, ranging from the advent of chainsaws and bucket trucks to the devastation of Dutch Elm disease and Gypsy Moth outbreaks. One common thread has remained evident throughout the Federation's existence: trees are an important part of people's lives.

Once again, I applaud the efforts of the New Jersey Shade-Tree Federation and ask all my colleagues to join me in recognizing their steadfast commitment to preserving true assets of our communities for future generations.

TRIBUTE TO MARY RAINWATER

HON. HENRY A. WAXMAN

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, October 18, 2000

Mr. WAXMAN. Mr. Speaker, it's a great pleasure for me to pay tribute to Mary Rainwater, the executive director of the Los Angeles Free Clinic, for her tireless service to the Los Angeles community. Mary oversees the delivery of vital health services, including free medical and dental care, HIV education, counseling and testing, and prenatal care to tens of thousands of people each year. Her agency also provides job placement and training, low-cost legal assistance, and psychological counseling to support some of the most vulnerable members of our community.

Before coming to the LA Free Clinic, Mary served as an adult literacy tutor, a guidance counselor for inner city youth, and a psychiatric social worker for homeless mentally ill individuals.

In nearly eleven years as executive director, Mary's guidance has helped the LA Free Clinic double its budget and increase fourfold the number of patient visits its professionals provide. Without the LA Free Clinic, many of these patients would not have access to the cancer screening, family planning, and mental health services they need. The U.S. Department of Health and Human Services has recognized the Hollywood Center, which opened under Mary's watch, as a "Model That Works" to provide comprehensive services to at-risk youth.

In addition to her work with the LA Free Clinic, Mary serves the community through her memberships of the Hollywood Chamber of Commerce Board of Directors, the Board of Directors of the Community Clinic Association of Los Angeles County, Free Clinics of the Western Region, and the California Primary Care Association's Executive Committee.

The people of Los Angeles and our entire nation owe Mary a debt of gratitude for her tireless work and tremendous record of achievement.
